

Communications Specialist

Transmission Projects
£neg Lease car

BLSL is one of Britain's most dynamically growing bureaux, and serves a wide range of customers in industry, commerce and the public sector.

We operate an extensive microwave network based on GEC and MCL equipment, which links all the BL product companies and provides speech and data transmission services.

It will be your task to specify, plan and implement configuration changes to the network in response to changing business needs. Additionally, you will provide consultancy services - including to BL and external users of all the transmission services - including microwave, mobile radio, LAN, optical fibre, digital services from BT and Mercury, satellite.

We seek a self-motivated man or woman with detailed knowledge of microwave radio and associated multiplex systems and other facilities such as optical fibre, LAN, Kilo-stream etc.

We offer an attractive negotiable salary plus company lease car and comprehensive benefits. Prospects are excellent.

Please send your c.v. or telephone for an application form: Bob Davies, BL Systems Limited, Grosvenor House, Prospect Hill, Redditch, Worcs. B97 4DQ. Telephone Redditch (05277) 64274.

Works Manager - Engineering

to £15,000+Car

This appointment, which could lead to a directorship depending upon performance, calls for an engineer qualified to at least HNC level in production or mechanical engineering. A successful record in production line management and services is essential. Experience of metal forming and forging techniques would be advantageous. Preferred age 30 to 45.

Part of an industrial group, the company batch produces a wide range of components for commercial vehicles, agricultural and automotive markets. Approximately 125 are employed; turnover is £3m. Responsibility will be to the Managing Director for the execution of production programmes within specified time, cost and quality standards.

Location: West Midlands. Usual large company benefits.

Please send details - in confidence - stating how you meet our requirements to Richard Crosby ref. EM.25007.

This appointment is open to men and women.

HAY-MSL Selection and Advertising Limited,
Union Chambers, 63 Temple Row, Birmingham B2 5NS.

Offices in Europe, the Americas, Africa, Australasia and Asia Pacific.

Chronos Richardson

Favourable market response to our enhanced range of Materials Handling, Industrial Weighing and Process Control equipment products creates opportunities to join an internationally backed market leader.

We require:-

SALES ENGINEERS: UK (2) and Export

The primary requirement of these new professional sales positions is a positive and innovative approach to new client generation and effective enquiry conversion. A working knowledge of the latest Control Engineering techniques or Weighing & Packaging equipment is essential.

COMMISSIONING MANAGER: Control of Installation Engineering team working UK/Overseas sites. Practical installation process plant installations experience essential. Electrical background preferred; material handling advantageous.

MECHANICAL ENGINEER: Specification, Planning and Design during pre-order, production and post-shipment project phases. Live Order Engineering experience. HNC standard or higher.

SERVICE/COMMISSIONING ENGINEER (PNEUMATIC)
Pneumatic Initial Batch Transfer system equipment installation, performance testing, operator instruction on Rubber Industry sites worldwide. Electro-pneumatic experience with basic micro-processor knowledge and mechanical aptitude.

Applications, giving full career and personal details, should be addressed to: R. A. Eastham, Chronos Richardson Limited, Bestwood, Arnsley Road, Nottingham NG5 5HD.

WINDING SHOP FOREMEN

IMPROVE ON PROVEN SUCCESS

BKB Electric Motors, part of the highly successful BSR Group, are leading manufacturers of high quality battery vehicle motors and alternators. Fine quality and reliability, coupled with the technical expertise we possess, ensures a consistent demand for our products from some of the biggest names in British industry.

It is a success we intend to build upon - we're reorganising to improve efficiency and encourage expansion. This is an excellent opportunity for two people (male or female) with previous supervisory experience to join us as Winding Shop Foremen. Although people who have served an engineering apprenticeship are preferred, this is not as important as solid experience of armature and stator winding and employment in a supervisory capacity.

For the right people, we are offering an attractive salary and benefits package.

If you have the qualities and experience to help us improve on proven success, then write, with details of career to date, to:

Mr. T. Toon, Personnel Manager,
BKB Electric Motors Limited, P.O. Box 184,
St. George's Works, Camden Street,
Birmingham B1 3DL.

B.K.B. ELECTRIC MOTORS LTD.

Crabtree

MARKETING EXECUTIVES

Circuit Breakers

Reporting to the Product Group Manager, Circuit Breakers, the successful applicants will be involved in the identification of new marketing opportunities, implementation of marketing functions through all stages up to and including market launch, preparation of publicity briefs and liaison with all company departments and customers.

Candidates (male/female) for these positions should be numerate and preferably have previous marketing/sales experience, together with the ability to think creatively. Possession of an ONC/HNC in business studies or comparable technical qualifications is also desirable.

These positions provide numerous career advancement opportunities and other benefits including an attractive salary and a non-contributory pension scheme. Applications, giving full details of qualifications, training and experience should be sent to:

Personnel Services Manager,
Crabtree Electrical Industries Limited,
Lincoln Works, Walsall WS1 2DN.

A Hanson Trust Company

TEMESIDE SELF DRIVE

One of the leading car, van & truck rental companies in the U.K., are expanding and now require a

SALES EXECUTIVE

We are looking for a successful, go-ahead salesperson to join a new division of the company. The successful applicant will be required to sell as fleet vehicles and new vehicle leasing in the Midlands and South West.

He/she will work from home, and must therefore be capable of working on own initiative, with a good standard of self discipline and motivation. A proven record of success in sales and knowledge of vehicles is essential. He/she must hold a full U.K. driving licence (HGV an advantage).

We offer a generous remuneration package including commission, company car and other attractive benefits. Good prospects for promotion. Apply in the first instance for application form from Carol Martin on: Ludlow (0584) 3521.

TEMESIDE

The Rental People

SUPERSTARS

Going for Gold...

...The Story So far

This time last year we announced the launch of our new Sport Nutrition range of products in the UK. 12 months on, we can already claim a big success - the products have gained widespread distribution in the sports retail trade, and are used by sportsmen and women nationwide.

We are Wander, a Swiss-owned multi-national best known for "Ovaltine" products. We would like to meet men and women with an active interest in sport, to expand our well established sales team with additional people based in Birmingham.

The range consists of specially formulated diet supplements designed to help sportsmen and women achieve optimum performance.

You'll be joining a sales team backed by impressive resources, but it'll be up to you to use your initiative, sales skills and entrepreneurial flair to

identify, contact and convince your target audience - sports clubs, coaches, professionals, and retailers... in fact the scope is enormous.

Naturally, you'll be given comprehensive and continuous technical/product training.

Age? Probably mid 20's. We're looking for a personal best performance, so in return, we offer an attractive salary, incentive earnings and a Cavalier GL 1600S.

To find out more phone David Wallace TONIGHT between 5.00pm and 8.30pm on Kings Langley (09277) 67314 or TOMORROW between 8.30am and 4.30pm on Kings Langley (09277) 66122 ext. 158.

An autonomous company within a well known Midlands Engineering Group is seeking a

TECHNICAL DIRECTOR MANUFACTURING SYSTEMS

Our Client has an excellent record designing and manufacturing Automated Production Systems as a complete Turnkey Service to Industry, from the initial concept right through to final acceptance, and needs to strengthen its leadership in the Technical Function.

An Innovative Graduate Production or Electromechanical Engineer is sought who has the drive to successfully manage a team of about 30, designing and implementing sophisticated Automated Manufacturing Projects to tight time and cost disciplines. Previous involvement with the design or manufacture of Machine Tools is essential. The salary is negotiable. Location - West Midlands.

Please send full details, mentioning reference WP to

Christopher Gold
Executive Dynamics

Manufacturing and Production Systems Division
Finlay House, 140/142 High Street, Berkhamsted, Herts.

This vacancy is open to male and female applicants. No details will be passed to our client without prior permission.

Credit Control Manager

SERVICE INDUSTRY • BIRMINGHAM • to £10,000 + CAR

Our Clients are an International Company whose plans for the centralization of key activities spread, hitherto, throughout the United Kingdom are in the penultimate stage. While the changes have created a number of opportunities for existing staff we now wish to recruit externally for this important post.

We would like to consider applications from men or women, aged 30-40, who can evidence successful experience of credit control management. If this experience has been acquired in situations where a strong service/repeat business element has prevailed, then our Clients will show particular interest. The requirement to lead and motivate a team of ten, to be responsible for 20,000 accounts, to communicate effectively with senior management, and to liaise with operational branches throughout the country, makes this appointment challenging in itself. The fact that our Client's plans for growth will create scope for personal advancement, over the next five years, makes the post an interesting one for the individual whose aspirations are matched by ability.

Write convincingly about yourself, in some detail, providing a telephone number for early contact. Applications should be sent to our Recruitment Division, quoting Reference W134 at - 71A Marlowes, Hemel Hempstead, Hertfordshire HP1 1LW.
